

- 1 **Login / Register**
- Allows a new user to register or an existing user to sign in to their account.
- Main data:** user email and authentication state.

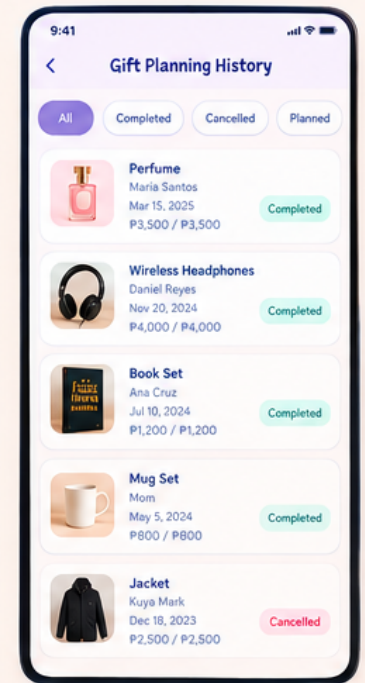

- 2 **Dashboard**
- Shows the user's upcoming occasions and gift plans that need attention.
- Main data:** upcoming occasions, recipient names, dates, and gift-plan budget information.

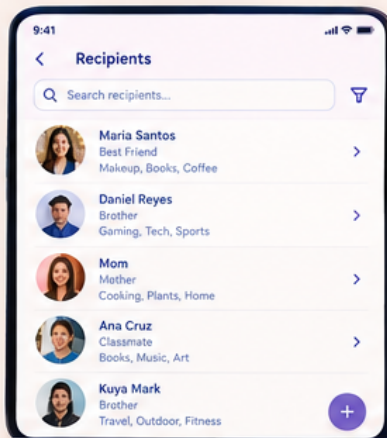

- 3 **Recipient Details**
- Shows one recipient and the information connected to them, including occasions and planned gifts.
- Main data:** recipient record plus related occasions and gift plans.

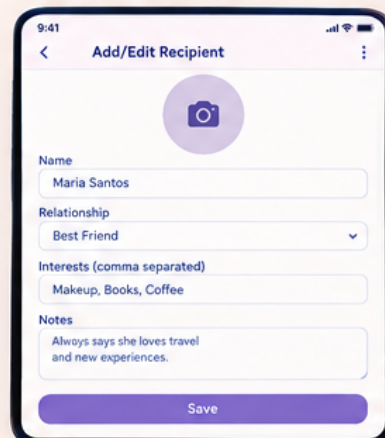

- 4 **Gift Plan**
- Allows the user to create and manage a gift plan, including the gift idea, budget, amount spent, and status.
- Main data:** gift name, recipient, occasion, budget, spent amount, status, and notes.

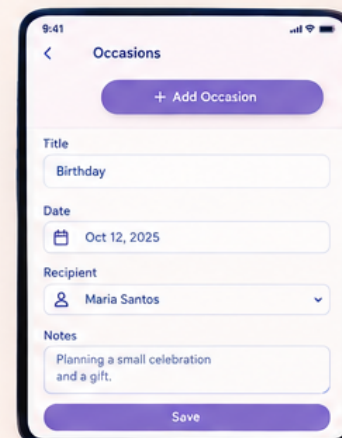

- 5 **Gift Planning History**
- Shows completed or cancelled gift plans so the user can review previous planning and spending.
- Main data:** historical gift-plan records and their status.

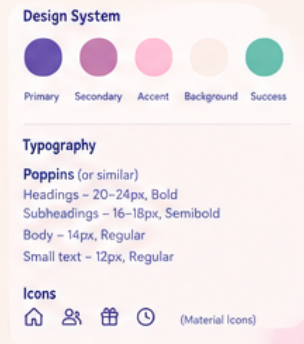

- 6 **Recipient List**
- Displays all recipients belonging to the current user. The user can add, edit, or delete a recipient.
- Main data:** recipient ID, name, relationship, interests, and notes.

- 7 **Add/Edit Recipient**
- A form for creating or updating a recipient.
- Main data:** name, relationship, interests, and notes.

- 8 **Occasion Screen**
- Allows the user to add or edit birthdays and other special events for a recipient.
- Main data:** title, date, recipient ID, and notes.
